

Online Safety Session – For Parents

Dear Parents

Back in November we ran an Online Safety Session for parents. Parents and Carers who attended found the information session very useful and many were shocked at some of the potential dangers that our children are exposed to online.

We have decided to hold another 2 sessions and these will take place on **Thursday 15th February**. You can choose from 2 time slots:

- **9.15am - 10.15am**
- or
- **6.00pm - 7.00pm**

The session aims to raise awareness of all the technology related issues that children face and who is most at risk and also what they are at risk from.

The session will look at:

- The common Apps and Websites that children and young people say they go on and the common issues related to them.
- Raise awareness of **common online safety issues** that parents and carers face with their children and ideas about how to manage them.
- Simple ways parents and carers can add security to their devices and the internet at home, restricting them to age appropriate material.
- Raising awareness of current social media trends and **how to engage safely**.
- How and when they can **report online safety concerns**.

If you would like to attend one of the sessions, please fill in the slip at the bottom of the letter and return it to your child's class teacher.

I look forward to seeing you at one of the sessions.

Yours sincerely

Mr Pridden

I would like to attend the Online Safety Information Session on Thursday 15th February.

I will attend the following session:

9.15am - 10.15am

Parent/Carer: _____

6.00pm - 7.00pm
