1. Stepping measures up and down					
1.1 Risk assessment					
Risks are not comprehensively assessed in the school to minimise and manage the risk from COVID-19,		<ul style="list-style-type: none"> Comply with health and safety law and put in place proportionate control measures. Regularly review and update the risk assessments - treating them as 'living documents', as the circumstances in school and the public health advice changes. Monitor and review the preventive and protective measures regularly, to ensure the measures are working, and taking action to address any shortfalls. Share the results of their risk assessment with workforce. Risk assessment to be published on website 	Y Y Y Y Y		L
Outbreak in school / area becomes an area of enhanced concern		<ul style="list-style-type: none"> Put in place an outbreak management plans outlining how school would operate if there were an outbreak in school or local area. The outbreak management plan is communicated with and understood by stakeholders. When required, work with Salford Public Health to implement the outbreak management plan. In an outbreak school should contact 0800 952 1000 to gain Salford Public health advice on any additional action that is required, such as implementing elements of your outbreak management plan., NB A DfE helpline is also available 0800 046 8687 and selecting option 1 Refer to the contingency framework. Infection transmissions within school rise		<p>The outbreak management plans should include:</p> <ul style="list-style-type: none"> The reintroduction of 'bubbles' for a temporary period, to reduce mixing between groups. Face coverings should temporarily be worn in communal areas or classrooms (by secondary pupils, staff and visitors – unless exempt). 	Y Y		L

Tracing close contacts and isolation		<ul style="list-style-type: none"> • Close contacts will be identified via NHS Test and Trace. • Contacts from a school setting will only be traced by NHS Test and Trace where the positive case and/or their parent specifically identifies the individual as being a close contact. • Schools may be contacted in exceptional cases to help with identifying close contacts. • Individuals are not required to isolate if they live in the same household as someone with COVID-19, or are a close contact if: <ul style="list-style-type: none"> - they are fully vaccinated - Below the age of 18 yrs and 6 months - Have taken part or are currently part of an approved COVID-19 vaccine trial - Are not able to get vaccinated for medical reasons 	Y Y Y Y		
2. Control measures					
2.1 Ensure good hygiene for everyone					
Pupils and staff forget to wash their hands regularly and frequently		<ul style="list-style-type: none"> • Staff training includes the need to remind pupils of the need to wash their hands regularly and frequently to include start of school day, after using the toilet, after breaks and after using any shared equipment. • Posters reinforce the need to wash hands regularly and frequently. • Pupils are reminded regularly on how to wash hands and young children are supervised in doing so. - building these routines into school culture. • Frequent and thorough hand cleaning should now be regular practice. • School leaders monitor the extent to which handwashing is taking place on a regular and frequent basis. • Pupils should be encouraged where possible not to touch their faces or to put objects in their mouths. 	Y Y Y Y Y		L
Pupils may not observe respiratory hygiene		<ul style="list-style-type: none"> • Continue to promote the 'catch it, bin it, kill it' approach with all staff, pupils and parents. • Continue to promote the e-Bug COVID-19 website. It contains free resources, including materials to encourage good hand and respiratory hygiene. 	Y Y		L

Use of personal protective equipment PPE is unclear		<ul style="list-style-type: none"> • Staff are clear that schools will not require PPE beyond what they would normally need for their work. • Adhere to the guidance on the use of PPE in education, childcare and children’s social care settings which provides more information on the use of PPE for COVID-19. • Ensure the guidance is understood and communicated to relevant staff. 	<p>Y</p> <p>Y</p> <p>Y</p>		L
Provision of PPE for staff where required is not in line with government guidelines		<ul style="list-style-type: none"> • Government guidance on wearing PPE is understood, communicated and sufficient PPE has been procured. • Those staff required to wear PPE have been instructed on how to put on and how to remove PPE carefully to reduce contamination and how to dispose of them safely. • Staff are reminded that wearing gloves is not a substitute for good handwashing. • Ensure that 3rd party employers (e.g., catering and cleaning companies) have shared risk assessments with the school. 	<p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p>		L
2.2 Maintain appropriate cleaning regimes, using standard products as detergents					
Cleaning capacity is reduced		<ul style="list-style-type: none"> • An appropriate cleaning schedule is in place and maintained. • Includes regular cleaning of areas and equipment with a particular focus on frequently touched surfaces, e.g: <ul style="list-style-type: none"> - Door Handles/ Access Buttons - Kitchen areas and associated equipment - Water dispensers/ coolers - Printers/ Photocopiers - White Boards - Play Equipment - Shared resources • PHE guidance on the cleaning of non-healthcare settings. COVID-19: cleaning of non-healthcare settings outside the home - GOV.UK (www.gov.uk) is understood and communicated. • An enhanced cleaning plan is agreed and implemented which minimises the spread of infection to include regular cleaning of all frequently touched surfaces and welfare areas. • More frequent cleaning of rooms that are used by different groups. • Working hours for cleaning staff are amended/increased if required. 	<p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p>		L

2.3 Keep occupied spaces well-ventilated					
Occupied spaces are not sufficiently ventilated		<ul style="list-style-type: none"> Increase natural ventilation to all enclosed classrooms and workspaces by fully or partially opening windows, air vents and doors. Do not prop open fire doors unless fitted with magnetic locks or manned. Review HSE video to ensure all aspects have been considered https://youtu.be/hkK_LZeUGXM <p>Any poorly ventilated spaces to be identified and steps taken to improve fresh air flow in poorly ventilated areas by:</p> <ul style="list-style-type: none"> Opening external windows and internal doors where it is safe to do so and they are not fire doors. The use of mechanical ventilation systems that uses a fan to draw fresh air, or extract air from a room. These should be adjusted to increase the ventilation rate wherever possible and checked to confirm that normal operation meets current guidance and that only fresh outside air is circulated. When holding events where visitors such as parents are on site, for example school plays use spaces that have adequate ventilation. Purge / air room as frequently as possible by opening all doors and windows fully to maximise ventilation when the room is unoccupied and where possible between appointments <p>To balance the need for increased ventilation while maintaining a comfortable temperature consider:</p> <ul style="list-style-type: none"> opening high level windows in colder weather in preference to low level to reduce draughts increasing the ventilation while spaces are unoccupied (for example, between classes, during break and lunch, when a room is unused) Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces. 	<p>Y</p> <p>NA</p> <p>Y</p> <p>NA</p> <p>Y</p> <p>Y</p>		L
2.4. Follow public health advice on testing, self isolation and managing confirmed cases of COVID-19					
An individual develops COVID-19 symptoms or has a positive test		<ul style="list-style-type: none"> Ensure pupils, staff and other adults follow public health advice on when to self-isolate and what to do When to self-isolate and what to do - Coronavirus (COVID-19) - NHS (www.nhs.uk) Ensure updated guidance is communicated to all stakeholders and understood. 	<p>Y</p> <p>Y</p>		L

		<ul style="list-style-type: none"> Pupils and staff do not come into school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19. Promote testing for staff and pupils who have symptoms in line with guidance. Procedures are in place to deal with any pupil or staff displaying symptoms at school. Pupils and staff displaying symptoms should go home as soon as possible avoiding the use of public transport and, wherever possible, pupils will be collected by a member of their family or household. If a pupil is awaiting collection, they are left in a room on their own if possible and safe to do so. A window should be opened for fresh air ventilation if possible. Appropriate PPE should also be used if close contact is necessary, further information on this can be found Safe working in education, childcare and children's social care settings, including the use of personal protective equipment (PPE) (applies until Step 4) - GOV.UK (www.gov.uk) . Any rooms they use should be cleaned after they have left. 	<p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p>		
Staff, pupils and parents are not aware of the school's procedures (including on self-isolation and testing) should anyone display symptoms of COVID-19		<ul style="list-style-type: none"> Staff, pupils and parents have received clear communications informing them of current government guidance and local authority process on the actions to take should anyone display symptoms of COVID-19 and how this will be implemented in the school. This guidance has been explained to staff and pupils as part of the induction process. Any updates or changes to this guidance are communicated in a timely and effective way to all stakeholders. 	<p>Y</p> <p>Y</p> <p>Y</p>		L
Medical rooms are not adequately equipped or configured to maintain infection control		<ul style="list-style-type: none"> Social distancing provisions and PPE where needed for personal care are in place for medical rooms. Asymptomatic testing for staff is not established.		<ul style="list-style-type: none"> The importance of asymptomatic testing is communicated and understood by all staff. Encourage staff to undertake twice weekly home tests until the end of September, when this will also be reviewed. Staff with a positive LFD test result should self-isolate in line with the stay at home guidance. They will also need to get a free PCR test to check if they have COVID -19. Close contacts will be identified via NHS Test and Trace. 	Y Y Y Y		L
Infection transmission within school due to staff/pupils (or members of their household) displaying symptoms		<ul style="list-style-type: none"> Collection and monitoring of absence data, including tracking return to school dates, is in place, working with NHS track and trace as appropriate. Procedures are in place to deal with any pupil or staff displaying symptoms at school. This includes the use of testing for both staff and pupils and appropriate action, in line with government guidance, should the tests prove positive or negative. Pupils, parents and staff are aware of what steps to take if they, or any member of their household, displays symptoms (no one with symptoms should attend a setting for any reason). 	Y Y Y		L
Staff, pupils and parents are not aware of the school's procedures should there be a confirmed case of COVID-19 in the school		<ul style="list-style-type: none"> Staff, pupils and parents have received clear communications informing them of current government guidance on confirmed cases of COVID-19 and how this will be implemented in the school. The NHS Test and Trace guidance in the workplace isn't adhered to		<ul style="list-style-type: none"> Share the NHS Test and Trace workplace guidance document with staff and governors. Follow the NHS Test and Trace workplace guidance. Call the Self-Isolation Service Hub on 020 3743 6715 as soon as school are made aware that any of their workers have tested positive. Provide the 8-digit NHS Test and Trace Account ID (sometimes referred to as a CTAS number) of the person who tested positive, alongside the names of co-workers identified as close contacts during the infectious period. This will ensure that all workplace contacts are registered with NHS Test and Trace and can receive the necessary public health advice, including the support available to help people to self-isolate. 3. Other considerations					
3.1 CEV children					
Pupils with underlying health issues are not identified and so measures have not been put in place to protect them		• CEV children and young people should attend their education setting unless they have been advised by their GP or clinician not to attend.	Y		L
		• Parents have been provided with clear guidance and this is reinforced on a regular basis.	Y		
		• Parents have been asked to make the school aware of pupils' underlying health conditions and the school has sought to ensure that the appropriate guidance has been acted upon.	Y		
		• Schools have a regularly updated register of pupils with underlying health conditions.	Y		
3.2 Admitting children into school					
Parents and carers may not fully understand their responsibilities should a child show symptoms of COVID-19		• Key messages in line with government guidance are reinforced and updated regularly via ParentApps.	Y		L
A parent wants a symptomatic pupil to attend school		• Communicate to parents and carers, you can take the decision to refuse the pupil if, in your reasonable judgement, it is necessary to protect other pupils and staff from possible infection with COVID-19.	Y		L
		• Parents and carers are aware the decision would be carefully considered in light of all the circumstances and current public health advice.	Y		
3.3 Attendance					
Staff do not use the correct codes to record pupil absence		• School attendance is mandatory for all pupils of compulsory school age and it is priority to ensure that as many children as possible regularly attend school.	Y		L
		• This is communicated and understood by parents and carers.	Y		
		• Staff code absences appropriately. Further guidance about the use of codes is provided in the school attendance guidance. School attendance guidance (publishing.service.gov.uk)	Y

3.4 Travel and quarantine					
Parents do not consider the possibility of quarantine when planning a holiday		Travel legislation is communicated in a timely and effective way to parents and carers to help them understand that: <ul style="list-style-type: none"> All pupils travelling to England must adhere to travel legislation, details of which are set out in government travel advice. The Health Protection (Coronavirus, International Travel and Operator Liability) (England) Regulations 2021 (legislation.gov.uk) Parents travelling abroad should bear in mind the impact on their child's education which may result from any requirement to quarantine or isolate upon return. 	Y Y		L
3.5 Remote education					
Staff and pupils cannot attend school as they have tested positive but are able to learn and work		<ul style="list-style-type: none"> Support those who need to self-isolate because they have tested positive to work or learn from home if they are well enough to do so. School understand their responsibilities set out in the remote education temporary continuity direction Remote Education Temporary Continuity Direction: explanatory note - GOV.UK (www.gov.uk) and provide remote education as necessary. Revisit and refresh remote learning policy as necessary. Schools should maintain their capacity to deliver high quality remote education for next academic year in case it is needed. The remote education provided should be equivalent in length to the core teaching pupils would receive in school. Work collaboratively with families and put in place reasonable adjustments so that pupils with special educational needs and disabilities (SEND) can successfully access remote education. 	Y Y Y Y		L
3.6 Education recovery					
Pupils will have fallen behind in their learning during school closures and achievement gaps will have widened		<ul style="list-style-type: none"> Gaps in learning are assessed and addressed in teachers' planning. Home and remote learning is continuing and is calibrated to complement in-school learning and address daps identified. Plans for intervention are in place for those pupils who have fallen behind in their learning. Staff and pupils have their own pens and pencils and other such frequently 	Y Y Y Y		L

3.7 Pupil wellbeing and support					
Pupils' mental health has been adversely affected during the period that the school has been closed and by the COVID-19 crisis in general		<ul style="list-style-type: none"> There are sufficient numbers of trained staff available to support pupils with mental health issues. There is access to designated staff for all pupils who wish to talk to someone about wellbeing/mental health. Wellbeing/mental health is discussed in PSHE/virtual assemblies Resources/websites and other sources of support to improve the mental health of pupils are provided. 	Y Y Y Y		L
Pupils and staff are grieving because of loss of friends or family		<ul style="list-style-type: none"> The school has access to trained staff who can deliver bereavement counselling and support. Support is requested from other organisations when necessary. 	Y Y		L
3.8 School workforce					
Staff in schools who are CEV should currently attend their place of work if they cannot work from home. DHSC will publish updated guidance before Step 4.					
Employees with additional risk factors and measures have not been put in place to protect them. (Additional risk factors are BAME, smoking, high blood pressure, obesity, age, disability, pregnancy)		<ul style="list-style-type: none"> Whilst clinically extremely vulnerable (CEV) people are no longer advised to shield, they are supported to take extra precautions to protect themselves, and to follow the practical steps set out in the CEV guidance to minimise their risk of exposure to the virus. All members of staff with underlying health issues, those within vulnerable groups or those with extreme vulnerabilities have been instructed to make their condition or circumstances known to the school. Records are kept of this and regularly updated. Members of staff with underlying health conditions have been asked to seek and act on the advice of their GP/consultant/midwife or current government advice. Employees have had discussions with their line managers and provided with clear guidance specific for their needs based on current government advice. Those with heightened risk factors have had an individual risk assessment. 	Y Y Y Y Y		L

4. Operational issues					
4.1 Managing the school lifecycle					
Making progress with the school's autumn term calendar and future work plan considering of COVID-19 measures		<ul style="list-style-type: none"> School calendar for the autumn term is rationalised and is informed by DFE expectations of a broad curriculum from the start of the Autumn term. Schools continue to build capacity to educate pupils remotely where this is needed. School recruitment continues as usual. 	Y Y Y		L
Pupils joining the next phase in their education do not feel prepared for the transition		<ul style="list-style-type: none"> A plan is in place for pastoral staff to speak with pupils and their parents about the next stage in their education and resolve any issues. There is regular and effective liaison with the destination institutions (e.g. secondary schools) to assist with pupils' transition. Regular communications with the parents of incoming pupils are in place, including letters, newsletters and online broadcasts Induction days for pupils and parents are planned. 	Y Y Y Y		L
4.2 Educational visits					
Booked educational visits need to change or be cancelled with short notice		<ul style="list-style-type: none"> Ensure that any new bookings have adequate financial protection in place. Visit coordinators are aware the travel lists may change during a visit and you must comply with international travel legislation and should have contingency plans in place to account for these changes.
